## BTEC Level 3 Health and Social Care

Extended Certificate  
(1 A level)

# What is BTEC Health?

About the Health and Social Care sector

The Health and Social Care sector is one of the fastest growing areas for employment, employing over 14 million people across the range of sectors: from residential care work to dental nurses and hospital technicians, to dieticians and nurses.

For young people it provides a wealth of employment opportunities at many different levels.

The qualification can be taken as an AS level, one or two A Level equivalent.

It is accepted by universities and employers and will give the research skills needed to enter either progression route.

The Department is firmly grounded in the principle of 'Applied Learning' This means that everything we teach is linked closely to how it can be applied outside the classroom.

"Learning by doing"

## A selection of units studied during your course:

The Certificate has 2 units and is equivalent to AS level:

- Human Lifespan Development— understanding human lifespan development, the different influences on an individual's development and how this relates to their care needs.
- Meeting Individual Care and Support Needs — to be able to provide the care and support that meets the needs of an individual in a health and social care environment.

The Extended Certificate has an additional 2 units and is equivalent to one A level:

Working in Health and Social Care — introduction to the role and responsibilities of health and social care practitioners and the organisations they work for. You will see how a wide range of roles, including doctors, nurses, physiotherapists, occupational therapists, social workers, youth workers, care workers and other professionals, work together to ensure that the individual's needs of vulnerable people are met.

- Supporting Individuals with Additional Needs—while working in health and social care, you may care for a full range of individuals who have additional needs.

**BTEC Health is MOSTLY COURSEWORK!**

**How will I be assessed?**

Certificate (1 AS level)

In Year 1 you will have one unit of coursework and one exam (50%).  
Extended Certificate (1 A levels)

In Year 2 you will have one unit of coursework (a synoptic assessment) and one exam.
